A screenshot of a Windows desktop environment. The main focus is a Notepad window titled "program.java - Notepad". The window contains a simple Java program. The code is as follows:

```

    public static void main(string[] args){  
        System.out.println("Hello world");  
    }  
}
```

The Notepad window has a menu bar with "File", "Edit", "Format", "View", and "Help". Below the window, the Windows taskbar is visible, showing several application icons including Internet Explorer, Google Chrome, and various office applications.
